**February 14, 2020**

Dear Parents,

Love is certainly in the air! Our kids had a fun filled week at Kids For Kids. We are so grateful for a visit from the Colgate Bright Smiles Program. Check out the photos on our Facebook page of the kids getting their free dental exams and also a goodie bag with a toothbrush.

This week our kids also loved celebrating Valentine's Day and exchanging Valentines. Thank you to all the parents who sent in such creative ones. I know the kids loved getting to exchange them with each other. Thank you all for also participating in the Friendship Fruit Salad event. Thanks to your participation it was a huge success!

On Thursday our friend Gaby stopped by on his way to radiation. All of the classes made him bags filled with Valentines so that he could enjoy them at home. His mom said he should finish his last radiation treatment in April and he will be at our school for summer camp. We are so excited about that!

Speaking about Gaby, I will be doing the Live Like Bella 5k Run next weekend. I will be running to honor those brave kids who battled cancer while in our school. I will wear a shirt that says, "I run in honor of Madison Schafer, Mia Rios, and Gaby Martinez." My goal is to raise \$3000 for the Live Like Bella childhood cancer foundation. If you wish to make a donation on behalf of the healthy kids in your life, you can do it by clicking on this link.

<https://runsignup.com/kidsforkidsacademy>

Thank you to the families who have signed up at the front

desk to have the school EFT your account as well as the families who dropped in cash in the fishbowl. So far about \$300 has been raised.

A little reminder for all parents, especially those with kids in the main wing. Please make sure that your child has a change of clothing in case of toileting accidents. Please also be in the habit of checking the cubbies daily in case your child had an accident during the school day. Our teachers try their best to remind parents when clothing is wet. As their main role is supervision in the afternoon and sometimes kids get picked up from the playground, they may not always remember to tell you when there is wet clothing. If you are not the person picking up, please tell that person to please check the cubby daily.

Finally, remember as per our school calendar and the note on the front door, we will be closed on Monday in observance of President's Day. On that day, our staff will be participating in a training in Conscious Discipline and Managing Childhood Stress. That training will help them to be better teachers for your students.
